### The European Year of Citizens 2013

... Is dedicated to the rights EU that come with citizenship

... so over this year, the EU is encouraging a dialogue between all levels of government, civil society and business at events and conferences all around Europe

... to discuss those EU rights and build a vision of how the EU should be in 2020.

## The debate in Slovenia EU are You!

Slovenia joined the debate with organizing 47 events throughout Slovenia in partnership formed by the European Commission, the Government of the Republic of Slovenia and the European Parliament carried out by the Youth Network MaMa.

## Youth network MaMa

Youth network MaMa combines and represents organizations that run youth centers or are active in field of youth work in Slovenia in order to support the youth, their spending of quality free time and a better life in the society.

Today network combines and represents already 41 organizations all around Slovenia.

With this campain we are trying to keep the general public, our citizens, better informed on the right to reside freely within the European Union, and how they can take advantage of the rights deriving from European citizenship.

Through a number of events, consultations, cultural events, visits to schools and retirement homes in Slovenia we invite citizens to be actively involved in shaping the Union's policies.
